Little Eyes on Little Things

Have you ever noticed a child, perhaps your own, watching an adult? Children miss few details. They see things that others often miss and sometimes they understand much more than we think they do. Sometimes, things we would consider to be "little things" actually have a large impact on our children.

The Apostle Paul wrote to Timothy and commended him on the faith he had learned from his mother and grandmother. While some of this faith was taught verbally, it is highly probable that much of it was taught visually. Timothy had the opportunity to watch the adults in his life worship and serve God.

He could see their reverence, their devotion to God, their charity to others and their holy living.

This might cause us to consider the thought, "What do the children in my life learn about God from watching me?" Your children are watching how you treat the Bible, whether you attend church faithfully,

how you sing in church, how you give, how you speak of other Christians, and how you pray. Children are very impressionable and when they see us treating the "little" things of God as something important, the little things become big in their life. Are you living a faith that can be seen by little eyes?

Praying for Children's Ministry Day

Why Participate in Children's Ministry Day and Begin Praying for Children's Ministry Day?

Join thousands of children across North America in hands-on ministry in your community each February for Children's Ministry Day! Over the years, thousands of people have been involved in Children's Ministry Day! WMU invites all children in grades 1-6 to participate.

Each February, thousands of children across North America participate in ministry projects on the same day: Children's Ministry Day. From feeding hungry people to visiting shut-ins, girls and boys follow God's command to "put your love into action" (1 John 3:18). Church groups create projects that meet needs in their own communities. WMU created Children's Ministry Day to move children out of their churches and into their communities to do missions. The first Children's Ministry Day was in 2008. Since then, thousands of people have taken part in Children's Ministry Day!

Why should churches participate in Children's Ministry Day? It's motivational. It's easy. And it works!

It's motivational!

Children's Ministry Day is a great way to get the children in your church motivated and engaged in mission action in their own community. What better way to get them motivated than to help them to see that they are joining thousands of other children across North America to minister to people with the love of Jesus?

Imagine the impact the church of Jesus Christ could have in North America if children everywhere lead their entire church family to minister in their communities!

It's easy!

Children's Ministry Day is easy to implement. All the tools you need for planning and promotion are in the Annual Promotional Pack. Includes project ideas and posters for your CMD event.

It works!

Through Children's Ministry Day, God has used children to make a real difference in their communities.

We encourage churches to research the needs in their community and find ways children can meet those specific needs. We anticipate that many more lives will be impacted as children reach out in their communities with the love of Jesus.

For more information about Children's Ministry Day, email children@wmu.or or contact your state WMU office.
